Overview.

Where global investing begins

At Rand Swiss, we believe successful global investing rests on three pillars: sound advice, robust infrastructure, and absolute trust in where your assets are held. That's why we partner with Swissquote, Switzerland's leading online bank.

About Swissquote

At Rand Swiss, we offer a diverse range of financial services designed to meet the unique needs of our clients. With personalised advice and cutting-edge strategies, we ensure that each client receives the support needed to navigate today's dynamic financial landscape.

Benefits.

Swiss-regulated custody

As a fully licensed Swiss bank, Swissquote is regulated by the Swiss Financial Market Supervisory Authority (FINMA) and adheres to the highest Swiss banking standards. The Group maintains a strong Tier 1 capital ratio and operates across major financial centres, including Switzerland, London, Luxembourg, Dubai, Singapore, Hong Kong, and South Africa.

This combination of Swiss regulatory strength and international infrastructure provides clients with confidence, transparency, and global market access from a single platform.

Why we partner with Swissquote

Built on a foundation of strong capitalisation, regulatory oversight, and innovation, Swissquote offers secure access to global markets through one of the most comprehensive multi-asset trading platforms available today.

Listed on the Swiss market exchange since May 2000 (SIX:SQN)

CHF **68.0**
billion client assets under custody

610'625
clients worldwide

CHF **994.9**
million Total Equity

25.9%
core Capital Ratio

Transparent custody

Client assets are held in your name with a fully licensed Swiss bank, supported by strong capital ratios, stringent regulatory oversight, and clear separation between advice, execution, and custody.

Global market access

Invest across multiple asset classes and international markets from a single, secure, multi-currency platform.

Proven technology

Institutional-grade infrastructure and continuous innovation, designed to support disciplined investing over the long term.

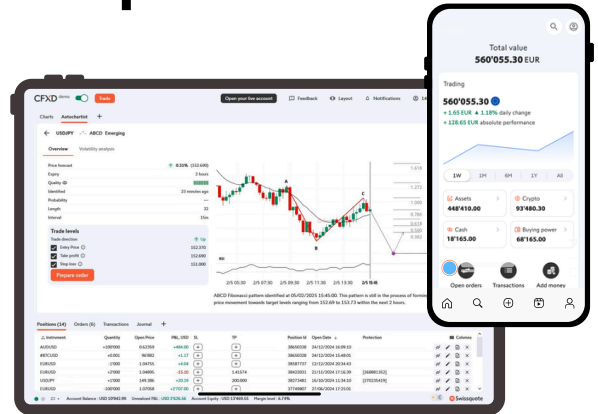

Platform.

Access to international markets

Swissquote provides one of the most comprehensive multi-asset trading platforms available, with:

- Secure desktop and mobile access
- Real-time pricing and execution
- Advanced portfolio and performance reporting
- Institutional-grade infrastructure

Global investing, simplified

Through Swissquote's platform, Rand Swiss clients can invest across more than 3 million financial instruments on 60 global markets, including:

- Global equities and ETFs
- Bonds and money market instruments
- Funds and structured products
- Foreign exchange
- Cryptocurrencies and precious metals

Accounts support 22 currencies, enabling efficient global diversification from a single, secure platform.
