RANDSWISS

Return Profile

*The **Rand Swiss USD Triple Index Autocall** is a US dollar-denominated structured note linked to the Nikkei 225, Nasdaq-100, and Euro Stoxx 50. It offers the potential for an annual return of at least 15% if the worst-performing index is positive on any autocall date over five years.*

Autocall Trigger

The note can mature early on semi-annual dates if all indices are at or above initial levels, paying at least 15% p.a. with memory. If the worst-performing index falls up to 30%, capital is returned with no gain. Below that, losses mirror the worst-performing index at maturity.
